TEXAS SALES & USE TAX TREATMENT of E&P OPERATIONS

A 1-day Program
Up to 8 hours of CPE Credit are awarded

Who Should Attend:
- Individuals who are responsible for calculation and payment of sales tax (Accounts Payable and Tax)
- Individuals who are responsible for procurement of materials, fuels and services utilized in the drilling, extraction and production of hydrocarbons.

Prerequisites:
- Have a basic understanding of oil and gas terminology and energy industry processes and procedures – or –
- Have attended a fundamentals of oil and gas program such as PDX’s “Intro to Upstream”

Advance Preparation: Calculator
Program Level: Basic
Delivery Method: Group Live, Group Internet
Based Field of Study: Taxes

Upon Completion of this Program Participants will be able to:
- Better understand state rules for sales taxation
- Better understand where their company may have been in error on sales taxes
- Recommend procedures that deal more accurately with sales taxes
- Recommend procedures to identify amounts to be recovered or penalties to be avoided

Key Topics Covered:
- History of the Texas “limited” sales and use tax
- Impact, applicability and rate of sales and use tax
- Texas sales and use taxation of tangible equipment and property used in oil & gas exploration and production
  - Presumption of taxability
  - Definition of tangible property, statues and application to E&P · Texas sales and use taxation of services and other intangibles used in oil and gas exploration and production activities
  - Presumption of taxability of exploration and production services
  - Application to specific types of exploration and production activities
- Real examples workshop – drilling, production and workover
- Other considerations: planning opportunities, document retention and research tools
